

Apex® Payroll Launches Employer On The GO™: The Next Generation of Cloud Based Payroll & Workforce Technology

Roswell, GA - September 20, 2013 -- [Apex Payroll](#), a leading provider of cloud based payroll technology, today announced at its Annual User's Conference the release of a new online payroll and workforce management solution, Employer On The GO. GO is designed as a browser and device independent online application, allowing businesses to streamline their payroll with a simple and intuitive interface. This technology is designed specifically for payroll service businesses to exceed the demands of a broad spectrum of clients.

"Today's customers expect to have access to their data and the ability to process payroll quickly and easily, on the go. Customers demand a consistent, seamless experience regardless of the device they use," said Stephen W. Gregg, CEO of Apex Payroll. "Apex continuously focuses on creating new products and expanding the current features, functionalities and integrations, all while providing world class support. This underscores our reputation as the payroll industry's technology service provider of choice."

[About Apex Payroll](#)

Apex Payroll is the market leader in licensing cloud based payroll, timekeeping and HR technology. Over 160 payroll service bureaus and firms nationally use Apex's technology as the core of their business to service thousands of businesses. Apex's comprehensive suite of products and services include payroll, payroll tax, human resources, time and attendance, workers' compensation, payroll debit cards and other business management tools normally reserved for large enterprises. Apex's cutting-edge cloud based technology allows its customers to effectively compete feature for feature with larger established firms while dramatically improving their workforce productivity.
